## INTRODUCTION

1. **REASON FOR THIS WEBSITE:** The over-arching reason for this website is to flag the apparent danger that Bougainville, now referred to as the Autonomous Region of Bougainville (AROB) in Papua New Guinea (PNG), is becoming a Police State where there is allegedly police rule by fear, intimidation, corruption and other gross violations of civil and human rights.
2. **ALLEGATIONS:** there are allegations that certain senior police officers and/or a given officer (named below) in AROB are doing or have done the following:
  - i. have or are encouraging and/or turning a “blind eye” to robberies, whilst hiring or lending out firearms to those who rob,
  - ii. have committed gross violence, including the brutal bashing of a young inmate in his prison cell leading to his death four days later (late 2023),
  - iii. AROB Police officer, Snr. Inspector Spencer Aili, has allegedly committed rape of a prisoner’s wife, molested a prisoner’s underage daughter and repeatedly and severely sexually harassed female police officers, without a thorough follow-up investigation,
  - iv. have or has “lost” victim statements in the records section of the police offices: these were statements given by complainants to junior police officers regarding serious offences, in particular the rape and child molestation charges (Inspector Aili’s wife works in the police admin section),
  - v. have conducted extreme payback on one female officer, namely (then Detective Sergeant) Sheena Cook, my daughter: DS Cook had turned whistleblower on Snr Inspector Spencer Aili. She was illegally seized at night and her civil and human rights were subsequently grossly violated over the following 8 months whilst held in solitary confinement and denied access to visitors including a private lawyer and her two sons as detailed on this site and on my Facebook page.

3. LAUNCH DATE: The reason for this website being prepared and published, today, 10 May 2024, is that today was supposed to be the day of my daughters pre-trial with our lawyer present. Instead, it was held two days before our lawyer's scheduled arrival in Buka without prior warning to him. This is the second of such instances to directly affect us. this time he heard of the change in schedule after the pre-trial but fortunately before boarding his flight to Buka so very significant expenses were spared, unlike the previous time. This is our immediate response to those delays.
4. PURPOSE: compilation of an accurate and simple record which can be accessed by anyone the world over. This site will create awareness of the need for PNG National intervention by the highly respected PNG National Police Commissioner, David Manning, to investigate what Deputy Commissioner, AROB Police, Francis Tokura is the doing about the above alleged crimes and whether DC Tokura is complicit in these.
